Be sure to attend the Bond Auction Sale at Grenada Theatre at 7:30 o'clock Monday night and thereby help complete this county's incomplete quota. Numerous valuable prizes will be given to the high bidders. Camp McCain will furnish some of its best musical talent and Grenada Air Base Orchestra will play. This occasion presents many attractions; safe investment of surplus money; helping Grenada county meet its quota; help prevent inflation; help our men in service; and, incidentally, secure valuable bonuses in form of prizes.

Grenada Theatre is to be congratulated on furnishing the place to hold the auction. It will not only lose receipts from two shows, but will also contribute one of the most valuable prizes, and has offered to feed the soldier entertainers.

Pvt. Anita Martin of the WAC's at the camp has received word that her brother, now in action in Europe, has been promoted to the rank of Brigadier General. She is so intelligent that, if she wore breeches instead of a skirt, she would not be a Private two days.

I turned my income tax troubles over to an agent over the post office, who figured it out free. My only trouble will be paying it. By the way, an expert will be there every day from now until March 15th.

As Cato of ancient Rome continuously preached, "Carthage must be destroyed", so must the American people dedicate themselves to the slogan, "Japan MUST be destroyed" root and branch.

From the changes in addresses of what is left of our "home" company members, it appears that they are long gone.

Wonder how Mike Conner is getting along?

Somebody said they thought they Leon did not receive any benefit from the Fountain of Youth was because he only washed his face and head in the waters of the spring.

Sawdust Sanders just came in and renewed.

With the temporary warm spell, the ladies of the evening are budding out a little. Frost may catch them yet, however.

Congratulations to the board of supervisors for investing $20,000.00 of its Sinking Funds in war bonds. It is following the wise example of the State of Mississippi. Grenada county is in better shape financially than it has been in ten or 12 years under wise management of the men who have been almost continuously in control of its financial affairs.

What became of the proposition of the City Council to buy a hose truck to be stationed in South Grenada? It was a wise idea which seems to have failed to come to fruitation.

One of Major Waite's WAC's, who used to be connected with a country printing plant, came in last week and got a little ink on her nose. I missed her, but Horn said she was easy on tired eyes. Come back again, WAC, as my eyes are tired.

Speaking of WAC's, my favorite WAC was in the office on business one day this week.

Brother Tom Gum, who is sincerely appreciative of the many kindnesses shown him during his recent illness, and wants folks to know it, sent his wife in Monday to renew.

They at Grenada Theatre have the bird in the cage now, but it it not a gilded cage. Fine bird.

We are gradually getting all of them, Mrs. D. B. Harper brought us nearer our 100 percent goal Monday.

Remember, ladies and gentlemen, that an Internal Revenue Agent will be at the postoffice EVERY day until March 15 to assist you with the jigsaw puzzle of income tax payments.

See where Representative Winter has had the legislature memorialize Congress to permit former holders to land taken for the government to have first chance of repurchasing the land. It would seem fair that if the former owner offered exactly what the government paid in, his offer would be accepted without question—when the right time comes.

We sincerely hope that Sgt. Eugene Parks will receive his paper now. He is one of those who changed his address without notifying us. It is hard enough to keep up with soldiers, but we will do it if notified promptly of any change of address. Otherwise we are helpless.

Continuance of Dairy Production Payments Announced

The War Food Administration has authorized the continuation of dairy production payments up to February 17, or the date on which the Commodity Credit Corporation is further extended, Grenada county administrative officer announced today. He said the basic rates during such period will be the same as those in effect for January.

Announcement that dairy production payments will be continued was made by Marvin Jones, War Food Administrator, who said that "while dairy farmers have been affected by increased costs since the program was first announced, a commitment with the Congress not to change substantially the subsidy program now in effect prior to February 17."

Subject to action by the Congress continuing the Commodity Credit Corporation without limitations preventing dairy production payments, it was stated that thereafter rates for the remainder of February and for March and April would be adjusted to take into account increases in feed and other costs since the original rates were established in October.

The War Food Administrator said he is desirous of recognizing these increased costs in the dairy payments as soon as it is possible to do so, and further expressed the hope that in the interim dairy farmers would continue to produce and market the milk that is so essential for the war effort.

For the spring and summer months, it was indicated that it would be the Administrator's intention to continue the general dairy payments at seasonally lower rates during the time when pastures are more productive. The rates would be seasonally higher next fall and winter. The whole program is contingent, the Administrator emphasized, upon Congressional action continuing the Commodity Credit Corporation without limitations preventing such payments. Subject to such contingency, the rates for next summer will be determined and announced before the first of May; and for next winter, before the first of September.

Road To Air Base To Be Paved Soon

The State Highway Commission is advertising for bids to construct nearly 3 miles of paved road connecting 51 Highway with the Grenada Air Base, the road to be known as the Access Road to the Air Base Command. Inasmuch as the project calls for grading, drainage structure, bridges and paving, it is assumed that the section of No. 7 Highway now connecting 51 Highway with the air base will be abandoned.

Bids must be received by 10 o'clock, February 15, 1944. Working time is limited to 150 working days.

LEGION MEETING

Grenada County Post No. 35, American Legion, will meet at the Legion Hut on Friday, February 11th, 7:30 p. m.

E. W. McNulty, Adjutant.

Speaking of post offices, etc., the postmistress of Holcomb, Mrs. H. K. McMahon, is a new subscriber.

Winners In D. A. R. Good Citizenship Contest

MARGARET GREEN

LARRY NOBLE

The annual election by the Senior class and faculty of Grenada High School of the Good Citizenship Girl and Boy was recently held with the result that Margaret Green and Larry Noble were selected. On Monday Mrs. H. A. Alexander, representing the D. A. R., came before the High School and presented these two splendid students each with a metal. Margaret Green's name will be sent to the State D. A. R. Committee to be added to the names of other girls from other high schools over the state, and later on te State Committee will make a choice of one Good Citizenship Girl to represent the state. That successful contestant will be awarded a hundred dollar bond by the D. A. R.

Mrs. E. J. Stokes Died Early Monday Morning

Mrs. E. J. Stokes died in the home of her daughter, Mrs. H. D. Horn, in Grenada early Monday morning, February 7, 1944.

She was the daughter of the late Mr. and Mrs. A. C. Jackson, of Sulligent, Alabama and was born 69 years ago.

Her husband preceded her to the grave several years ago. Her end came within two days of a stroke she sustained. She had been with her daughter, Mrs. Horn, for some time preceding her death.

Surviving her are two daughters: Mrs. H. D. Horn, of Grenada, and Mrs. W. S. Sorrels, of Benton, Ky.; three sisters, Mesdames R. W. Edgeworth, D. K. Pennington, and Amma Renshaw; three brothers, Messrs. R. D., A. C., and G. E. Jackson, nine step children and seven grandchildren.

Burial was at the Woodlawn Cemetery, following services conducted at the Methodist Church where Rev. W. L. Robinson eulogized this good woman on Christian motherhood. Services were at 3 o'clock.

Pallbearers were: David Dubard, Lewis Weir, Dick Smith, McCune Talbert, John Pressgrove and Joe Jackson.

Sympathy is extended the bereaved members of the family.

Income Tax Expert Here Until March 15th

The Internal Revenue Service of the Treasury Department has asked that we notify the people of this community that an Internal Revenue Agent will be upstairs in the Post Office each and every day from February 6 to March 15. His duty is to help federal income taxpayers to arrive at their federal income tax.

Mr. Dick Wilhoit, who has been here this week and will be here until February 16th, and has been busy since early Monday morning.

Price Control Program Is Sponsored by Legion Aux.

At a meeting of the American Legion Auxiliary on February 7 in the home of Mrs. J. L. Odom, Mrs. Calk, president of the Auxiliary, presented Miss Helen Rose, Price Clerk of the Local Board of the Office of Price Administration, who explained the value of Price Control in keeping down the cost of living and appealed to the organization to support the program by furnishing volunteer workers as Price Panel Assistants. The members of the Auxiliary, understanding this volunteer work as a worthy democratic service, agreed to sponsor the Price Control Program.

Will Purdie, who has two sons, R. C. and John, in the service, was considered the biggest liar in Grenada county until Friday when he tied in with Dink Thomason. The latter said a negro on his place had caught two 35 pound wildcats. Junius Townes, sitting nearby, said they must have been tigers with tails cropped off, which had escaped from the zoo. Will recently subscribed.

C. M. Anderson Died At Hospital Last Saturday

Mr. C. M. Anderson, son of the late Capt. R. M. and Mrs. Virginia Gaines Anderson, died in Grenada Hospital, Saturday, February 5, 1944 at 9 p. m. following a two weeks' illness of pneumonia and heart trouble.

Mr. Anderson was born May 13, 1878 at the Anderson old home place near Mt. Nebo. He was a staunch Baptist, member of Shiloh Baptist church.

To know Mr. Charlie was to love and respect him for his sterling character and sunny disposition. His friends are legion among both white and colored. Burial was at Big Creek Monday afternoon.

Surviving are his wife, Mrs. Willie Bates Anderson, two sons, William and Fred, three grandchildren and a sister, Mrs. Chas. Sims, all of Big Creek; a brother, Frank Anderson, of Grenada, and the families of two brothers, H. G. and T. W. Anderson, who preceded him in death by several years

Active pallbearers were Messrs. Rex Parker, Tom H. Parker, Harry Warner, Irwin Lester, Hubert Lester, and Hubert Clark.

Ministers were Rev. S. C. Lee and Rev. Oliver Wood, of Calhoun City.

USO COMMUNITY HOUSE ENJOYS BIRTHDAY

Sunday, February 6th was observed at USO with Open House in celebration of 3rd Birthday. The hall was attractive with Azaleas and other vases of spring flowers. The center table attractively decorated with red hearts on white background contained the huge and beautiful Birthday cake with three candles.

Members of the Committee of Management served as hosts and hostesses for the afternoon. The punch table was presided over by Mrs. Bob Townes and Mrs. Howard Cheek, Miss Grace Robinson, chairman of Junior Hostess Group cut the cake. During the afternoon the musical concert was rendered by Pvt. Rubenstein, violinist and Cpl. Frank Eisenberg, pianist. The large crowd attending the Open House included several citizens of Grenada.

The USO Staff wishes to thank everyone who helped make the occasion a success.

The Senior Hostesses who served in the building during the afternoon were Mrs. D. Ross, Mrs. Howard Cheek, Mrs. Bob Townes, Mrs. Ben Brown, and Miss Robbie Doak.

Junior Hostesses were as follows, Stella Irby, Jeffie Bailey, Charley Sample, Sarah Cohen, Mildred Pate, Nancy Wigley, Mary Ross, Ruth Talbert, Bebe Cullen, Imogene Calk, Shannon Bush and Barbara Bush.

Volunteers assisting at snack hour were Mrs. P. H. Jobe, Mrs. Junius Townes, and Mrs. B. C. Duncan.

A Valentine Costume Party is beng planned by Group One of the Junior Hostesses of the Community House USO for Saturday evening, February 12th.

Prizes for the best costumes will be awarded after the Grand March with three soldiers acting as the Judges. An Air Base Orchestra will furnish the music for the party.

Miss Shannon Bush is chairman of the party and is being assisted by the MMisses Madie Wyatt, Mary Ross, Barbara Bush, Inez Moore, Nancy Wigle, and Sgt. Ernest Sarina of the Air Base, Pvt. Bill Molden and Cpl. John Hill, of Camp McCain.

The Senior Hostesses of the Community House USO will have its regular monthly meeting on Monday, February 4th, at 7:30 p. m. at the Club House.

A capacity crowd attended the President's Birthday Formal given by the Community House USO on Saturday evening at Legion Hall USO. The grand march was a feature of the evening and was led by Miss Shannon Bush and Pvt. John Terry of Syracuse, N. Y., and Miss Nancy Wigley and escort, Pvt. James Simmermon, of Cincinnati, Ohio. The Star Spangled Banner was played at the close with every one in solemn and respectful attention.

Plans are being made by group one of Junior Hostesses for a costume Valentine party to be held on Saturday evening, February 12th.

MINIMUM STANDARDS FOR HOUSING OF MILITARY PERSONNEL SET BY AUTHORITIES

Staff Sgt. McLean Butler Missing In Action

Mrs. Robert McLean Butler was notified Saturday night that her husband, Staff Sgt. Robert McLean Butler, was "missing in action" in a mission over Greece since January 11th.

Sgt. Butler is the son of Mr. and Mrs. G. W. Butler, of Grenada. His wife, the former Miss Katherine Vance of Carrollton, and a 13 months old son live in Carrollton.

Save All Waste Papar Please

Some weeks ago the waste paper consuming mills agreed to purchase properly processed waste paper at ceiling prices until February 15, 1944.

The War Production Board in Washington wires that this agreement has been indefinitely extended, subject to cancellation on thirty days advance notice. Mr. Leland Speed, State Chairman, states that this should remove any uneasiness that some communities have about not being able to sell their accumulations. The present situation is a desperate one—with so many paper mills closed down—and our country is appealing to everyone to save every scrap of paper, magazines, newspapers and cardboard, and get it into the war effort.

Grenada street forces will pick up your waste paper. Keep paper dry.

As our battlefronts are stepped up, and additional millions of our fighting men are sent abroad, the need for waste paper will be greater. Once we get a soldier overseas, it takes eighty-one tons of supplies a month to keep him there.

EIGHTY-ONE TONS FOR EACH MAN! AND IT ALL HAS TO BE PACKED IN PAPER.

Henderson To Graduate Saturday

His many friends in Grenada will be interested to know that Mr. Jesse Lowe Henderson, son of Rev. and Mrs. E. R. Henderson, of Grenada, will receive his diploma in medicine at the medical department of Tulane University in New Orleans, on Saturday.

His parents will witness his graduation, and his friends wish for him a long and useful career.

On the recommendation of the Surgeon and the Camp Sanitary Officer, the following regulations will govern all Military Personnel stationed at this Camp in the selection or retention of housing accomodations in the Extra-Cantonment Area of Camp McCain.

1. Minimum sanitary requirements shall be:

a. Each person occupying a bedroom shall have a minimum of 50 sq. ft. floor space (for example: a room 10 ft. x 10 ft. will house a maximum of two people).

b. There shall be adequate ventilation (at least one window and another window or a door.)

c. There shall be a minimum of one satisfactory toilet or its equivalent for each ten persons.

d. There shall be a minimum of one bathing facility for each ten persons (bathroom, tub, or shower, or other bathing facilities).

e. There shall be adequate facilities for proper heating (stove, heater, open fireplace, steam heat, or hot air).

f. There shall be adequate screening of houses for protection against mosquitoes and flies.

g. There shall be available an adequate, approved water supply.

2. Minimum requirements for privacy of families:

a. There shall be a maximum of one married couple per room (their children may also stay in the room provided there is the required space).

b. Any number of persons of the same sex may occupy a room provided the floor space and ventilation are adequate. (See Par. 1, a and b above).

3. Moral standards shall be governed by genrally accepted standards of decency and behavior.

4. Rentals shall be in compliance with regulations and ceilings as set forth by the Office of Price Administration.

Important Notice To World War Two Discharged Men

Everyone knows that the "Mustering Out Pay" Bill has been signed by the President, and is now the law. This bill provides that men discharged from the army during the present war are entitled to receive cash benefits under certain conditions and in certain amounts.

Mr. Harry Greenfield, Service Officer of the American Legion Post has received notice that the proper blanks are enroute (they will probably be here before you read this).

Mr. Greenfield states that he will be at the Chancery Clerk's office every day from ten until noon to assist men in making out their applications.

Bring your discharge with you.

NEW FANGLED STUFF

Dear Son:

Your Pa has a good job now, the first he has had in 48 years. We air a great deal better off now than we wer. Your Pa gets $14.95 every Thursday—Sooo we thought we would do a little fixing up.

We went to Mockey Wards for some of them new fangled things they all call bath rooms you hear about in some homes. It is put in by a man called a plumer. On one side of the room is a long thing like the pig drinks out of only you get in that and wash all over. On the other side is a little white thing they call a sink, that is for light washing such as your face and hands, but over in the corner now Son, I'll tell you, we'er got something there—there is a little contraption you put one foot in and wash it clean and then you pull a little chain and you get fresh water for the other foot. Two lids come with the durn thing and we ain't had no use for them in the bath room, so I am usin' one for a bread board and the other had a round hole in it and we took and framed your grandpa's picture.

Now take kear of yourself.

Mom.

SNAPPY FACTS ABOUT RUBBER

Tire life on rough gravel roads is about 40 per cent less than on smooth concrete pavements. This was proved by tests conducted by the Iowa State College.

Soap, it develops, is to be a growing factor in maintaining motor transportation. It has been estimated that 100 million pounds of soap will be required for one year's production of synthetic rubber.

Camelback, which gets its name because it originally had a hump in the center, is a growingly important product of the rubber industry. Over 20 million pounds of camelback are now being made monthly to recap tires.

Hot Sword on Tongue Is African Lie Detector

Modern science has nothing on African tribesmen in the use of a lie-detector.

When witnesses at a trial conducted by Embu tribesmen of Kenya Colony are at odds in their testimony, they are tested by "tasting" a hot sword. A witch doctor puts a sword in a fire and daubs the heated end with paste. A witness licks it off, the sword is reheated, more paste applied, and the "tasting" procedure followed by each witness. Each man then goes around the circle formed by the tribal council, showing his tongue. Those whose tongues are blistered the most are considered to be lying, and they lose their case.

Cairo Conference

By Frank Gervasi

(WNU Feature—Through special arrangement with Collier's Weekly)

Long before the great Cairo conferences opened, knowledge of the forthcoming meetings was general.

The conferees met behind barbed-wire barricades, minefields, antiaircraft batteries, cordons of troops and secret police. Even more formidable was the protective barrier of censorship.

Madame Chiang, fragile and lovely as a lotus blossom, shopped for silk stockings, visited mosques and Saladin's Citadel and had her hair done.

Roosevelt and Churchill went to the Pyramids and listened to a half-hour condensation of their aeonic history by the No. 1 Dragoman, Haji Ali el Robeishi, who declined a large Rooseveltian tip and made a fortune selling "exclusive" interviews to 70 war correspondents, and will have all the "Freedom from Want" a man could wish for.

The Generalissimo wasn't impressed by the Pyramids, which he saw with Madame. The Great Wall of China, he said, gets less publicity but is a better job. The Sphinx, however, got him. "He emanates majesty," said Chiang.

Churchill, described by Roosevelt as the writer of the group, wrote the communique. It was edited by the President, who changed the phrase "territories Japan has taken from China" to "territories Japan has stolen."

Madame Chiang, who witnessed the signatures, clapped hands and blurted happily, "That's great!" Then everybody posed for pictures. The original of what became known as the "China Communique" was presented to Chiang as a souvenir.

Stalin and Inonu.

The subsequent meetings with Premier Joseph Stalin in Teheran and with Turkish President Ismet Inonu, were covered for the correspondents by proxy—by two British civil servants and two American ex-newspapermen employed by the Office of War Information. They did as well as could have been expected.

The plans—as made long before they started remodeling Mena House from a comfortable hotel into an office building and wiring it with 400 miles of cable connections with 47 villas where the bigger shots were housed with their staffs in the vicinity—didn't include Stalin's presence in Cairo. Arrangements were being made for the Mahomets of Anglo-American democracy to come to the mountains of Sovietism in Teheran.

When, after five days of political and military talking, planning, lunching, wining and dining in Mena House, the scene shifted to Teheran for Act Two, the China Conference in Cairo had lost its interest for reporters and perhaps for the world.

Stalin had propagandistically dominated the Cairo Conference in absentia. In Teheran, he dominated it in person. But all we learned directly in Cairo was that the Russian uniforms are of excellent material, that the Soviet Secret Police is efficient and omnipresent, and that all carried gats, including servants. We covered Act One with periscopes, and Act Two by remote control. Stalin returned to Moscow, and Roosevelt and Churchill to Cairo to meet the Turkish delegation headed by Inonu for Act Three.

Turkey Leans Toward War.

All three conferences were of acute importance, but in some ways, the most significant was the one involving Turkey. The very fact that Inonu, cleverest knife-edge walker in the diplomacy of neutrality, came to see Roosevelt and Churchill was a slap in the teeth for Hitler, who, poor fellow, simply hasn't anyone with whom to hold conferences now. Inonu's presence in Cairo strongly indicated that Turkey's balancing act was about over, and that the country would enter the war at 11:59½ p. m. before the fateful midnight hour of victory, to secure a reservation at the peace conference. It was apparent that Turkey had at last decided that continued neutrality might be unprofitable, and Inonu's arrival gave point to the statement of the Teheran Communique warning Germany of great offensives "from east, west and south."

'Great Revolution.'

Final chapter in the series of conferences, was a speech by Premier Jan Christiaan Smuts.

"We are passing," he said, "through one of the great revolutions of history. The significance of this war is that it is the first step to that greater world which is coming. The war of arms will pass, and the greater battle of the human spirit remains before us. A higher revel of human destiny lies before us, for the elements are gathering for something much bigger than ever we conceived.

THROUGH A WOMAN'S EYE

By Mrs. W. W. Whitaker

CHARACTER BALANCES SCALES

When the Japs attacked our fleet at Pearl Horbor, they obviously believed they would defeat us. They thought Hitler was on the verge of victory in Europe, and that the United States would be left alone in a hostile world. They thought that Hitler's "divide and conquor," one by one, would succeed, that they would join in on the final blow at Russia, then deal with America alone.

The Japs are no good at analyzing a white man's resistance for the Japs are still of the primitive state basically, and even their shrewd minds, so capable of imitation, and adjustments to modern science, doesn't place them in the intelligent realm where they can diagnose a white man's character, especially an outraged, avenging white man. In that failure to analyze their white enemy's character, lies their certain defeat.

Sunday morning in Grenada one sees local people going to church or taking the children home from Sunday School, but Sunday afternoon it is different, for strangers in Grenada, including Camp McCain and Grenada Air Base personnel and their wives, literally fill the streets. The two picture shows are filled to capacity all three performances, drug stores are busy with a constant flow of customers and dozens of couples and small groups of soldiers are everywhere, going for a walk or window shopping. Grenada churches attract only a very small percent of these strangers, and we may add only a small percent (same old crowd) of local citizens attend church services regularly.

We are forced to the conclusion that in Grenada, "Sunday ain't what it used to be."

4TH WAR LOAN DRIVE

The war has reached that stage of brutality in which people say, "I can hardly stand to read the accounts from war zones." The war from now on to its conclusion will become more brutal. There is no other way out. The horrors of war do not belong to the men who are in the front lines alone. It is your and my responsibility. The way we can help our fighting men during this period of sacrificfe is by letting our government have every cent of our extra cash, for the more equipment and supplies we have, the less our loss of life in battle. Salvaging our scrap material and turning it in is most important. Encouraging to our soldiers is our whole-hearted willingness to back the attack and by doing a good production job here at home. Every hour men are giving their lives to preserve for us our way of life. Do your duty now and buy War Bonds.

Somebody said they thought they saw Harry Greenfield sitting on the curb crying. He denies it.

As I See It Now

By Rev. B. F. Askew

P. O. Box 47, Grenada, Miss.

I see things now as never before. We are facing the tragedy of war in which everybody is involved, we are aroused to the fact that whether white or black, young or old the American soil is ours.

As citizens, we are willing to buy bonds. Our boys are not only willing to dress up in uniforms and drill and take flights upon the waves of the wind, but are willing to shoulder their rifles and push their machine guns to destined quarters, under the auspices of their regular officers, with surcharge courage to do the job that is to be done for the benefit, the welfare and on-going of America's Liberty.

May I say as I see it now, for us to well do the job, we must join our tasks together and have mass action (i. e.) all work together to one purpose. All be with one accord as the apostles in the days of old, in that upper room in Jeruselem. The hope for results come.

If the victory is to be ours, hatred malignity and racial strife must shrink abash and we must see God as our father, Christ for ous redemer and man as our brother.

When our boys can be inspired with this spirit they will hold up the American flag and exclaim as did Sarg. Carney of the old 54th Mass. regiment, wounded, crawling on his knees into the camp saying, "Boys, the old flag never touched the ground."

Our boys too, with the shedding of blood, with the loss of limbs, will yell aloud over the American soil until we folks back home will know that the old flag has not touched the ground.

As I see it now peace and harmony at home first and then abroad.

I imagine, if I were able to relive my life, everything would be changed but my selection of a wife.

I almost forgot to mention that, by the forebearance of my creditors and good luck, I was able to get by another first of the month, happily.

That Nagging Backache

May Warn of Disordered Kidney Action

Modern life with its hurry and worry, irregular habits, improper eating and drinking—its risk of exposure and infection—throws heavy strain on the work of the kidneys. They are apt to become over-taxed and fail to filter excess acid and other impurities from the life-giving blood.

You may suffer nagging backache, headache, dizziness, getting up nights, leg pains, swelling—feel constantly tired, nervous, all worn out. Other signs of kidney or bladder disorder are sometimes burning, scanty or too frequent urination.

Try *Doan's Pills*. *Doan's* help the kidneys to pass off harmful excess body waste. They have had more than half a century of public approval. Are recommended by grateful users everywhere. *Ask your neighbor!*

CONCRETE

IMPROVEMENTS GIVE FOOD PRODUCTION A BIG BOOST

INEXPENSIVE concrete improvements can work wonders in helping farmers step up war food production.

What are your needs? Maybe one of the improvements shown here. Or a new manure pit, dairy barn or poultry house floor.

Firesafe, long-lasting concrete improvements are easy to build—just a few bags of cement, some sand and gravel or stone.

Concrete farm jobs require a minimum of critical war materials

If you need help, get in touch with your concrete contractor or building material dealer. We will send free plan sketches if you will check the coupon, paste it on a postcard and mail today.

Come South, Young Man, Come South

NEARLY a century ago Horace Greeley urged the nation's youth to seek fortune in the then undeveloped West. Today it is the *South* which holds forth alluring prospects to the younger generation—to the men who will return from the Armed Services—to all men and women on the threshold of their careers.

New Opportunities Lie Ahead

On every side appear facts that justify an optimistic future outlook. New products, materials, and manufacturing methods, developed for war use, will have a tremendous effect upon our peacetime business and social life... Enterprises of the South—industrial, commercial, agricultural—have made great progress in this time of emergency... Thousands of young men training in Southern camps have, for the first time, been exposed to the advantages offered by this section of the United States. Many will return here to live and work when the war is won, because...

A Greater South Is In the Making

Typical of many progressive Southern industries, Lion Oil Refining Company, through constant research and experimentation, has succeeded in developing and is now producing from Southern crude oil, several components of 100 octane gasoline... vastly improved lubricants... Butadiene, the basis of Buna-S synthetic rubber... ingredients for explosives ... and other vital materials required for war.

From these activities have come increased employment and expanded payrolls! From them *will* also come post-Victory products destined to contribute materially to the greater industrial and economic advancement of the South!

POOLE-SAUNDERS

Grenadians will learn with interest the details of the wedding of Miss Mar Jory Saunders and Lt. George Andrew Poole, Jr., son of Mr. and Mrs. G. A. Poole, of Jackson, on January 22. At Presbyterian Church in Starkville, Miss., in a beautiful candle light ceremony with the pastor, Rev. Robert F. Sloop saying the single ring ceremony. Nuptial music was furnished by Mrs. Clay Kyle, organist and Miss Mary Evelyn Redus, soloist. Ushers were Col. E. S. Byron, Col. C. E. Coe, Major H. H. Hunt, and Lt. Chas. DeKay, Warren Hinchcliff and Paul Saunders, jr.

Brides maids were Mrs. Walter Neely, Mrs. R. E. Holtan, and Mrs. R. T. Sultan, Miss Nancy Martin, and the junior maids Marcia Stewart and Olive Semmes. Miss Olive Saunders was maid of honor.

Mr. Paul Saunders, Sr. gave his lovely daughter in marriage. Mr. Poole, Sr. served as best man.

The bride was lovely in a dress of traditional ivory satin made with long fitted sleeves and sweetheart neck line. The yoke of marquisette was outlined in a design of seed pearls. A full skirt fell from a fitted bodice and extended into a graceful train. A full length lace edged bridal veil was worn with a becoming tiara made of exquisite heirloom rose point lace. A beautiful bridal bouquet was of white bride's rose and maiden hair fern with a shower of stephanotis and satin ribbon.

The bride is the youngest of four interesting daughters of Mr. and Mrs. Paul H. Saunders. She and Lt. Poole both attended Miss State College where they graduated last June.

The bride was a member of Chi Omega Sorority and the groom was identified with Sigma Chi. Lt. Poole received his commission January 17 at Manmouth, N. J. The bride has been employed in civilian personnel at Camp McCain From Grenada, those present included Mrs. W. J. Jennings, maternal grandmother of the bride, Mrs. W. J. Jennings, Jr., and Miss Frances Jennings, Miss Willie Smith, Mrs. Raphael Semmes, Miss Olive Semmes, Miss Mary Ross and Miss May Caldwell.

Camp McCain guests were Lt. Col. E. S. Byron, Lt. Col. C. E. Coe, Major H. H. Hent, Corp. Clair Figera and Mrs. Sue Able.

The young couple will be at home in Boston, Mass., where he is stationed with Army Signal orps.

ATTEND LAST RITES

Grenada friends to accompany Mrs. Frank Anderson, when she attended the funeral of her brother-in-law, Mr. C. M. Anderson, at Big Creek on Monday, included Mr. J. H. Oliver, Mr. and Mrs. C. W. Briscoe and Mrs. E. E. Turnipseed. Mr. Anderson was unable to attend because of illness.

Among the out-of-town people who attended the funeral of Mrs. J. E. Stokes were: Mr. and Mrs. R. B. Stokes, Mr. and Mrs. Ed Turner, Mrs. Roy Hollerman and Mrs. D. K. Pennington, all of Verona, Ala.; Mr. and Mrs. B. J. Stokes, of Tuscaloosa, Ala.; Mrs. Clarence Stokes, of Sulligent, Ala.; Mrs. R. W. Edgeworth, Mrs. R. D. Jackson, Mrs. Prentiss Renshaw and Mr. and Mrs. Curtis Griffin, all of Shannon, Miss.; Mrs. Arnetta Horn and Miss Simmons, of Biloxi; Mrs. Mildred Hankins and Schimitter, of Memphis; Mrs. A. L. Nesbit, of New Albany, and Mr. and Mrs. Clifton Curle, of Belzoni.

Cpl. Harry Rayburn, who came for a short furlough with his family at the home of his parents, Mr. and Mrs. A. N. Rayburn, left early this week, accompanied by his wife and baby for Camp Croft, S. C. His sister, Miss Mary Nell Rayburn, student at Mississippi College, came for a visit while he was here.

BILL SAUNDERS GIVES STAG SUPPER FOR GLEN THOMASON

The spacious and hospitable home of Mr. and Mrs. Bill Saunders—historic old Troy—was the scene Tuesday night of a bountiful stag supper given by Bill (a former naval officer) in honor of Pharmacists Mate Glen Thomason, now enjoying the tag end of a 30-days leave after about 6 years in the naval service, a supper to which ten men sat and ate or roast turkey, roast goose, baked ham, salads, stuffed eggs (but not stuffed like the diners) and many other good things. It was a "pointless" supper, except perhaps for the sugar, the various good things having been produced on the plantation and prepared under the expert hands of Bill's capable wife. It was strictly informal. Folks like food better than formalities anyway.

After supper the host and guests went into the living room and listened with intent interest to the answers to questions asked Glen who, while lucidly explaining many things, did not let any navy cats out of the bag. It is interesting to learn that three ships have been shot from under him, that he and 5 others were the only survivors in one sinking, and that Franklin Roosevelt, Jr., was the Executive Officer on one of his ships. He spoke most highly of this officer.

Present were Messrs. Ben Perry, McCune Talbert, Eli Whitaker, Whyte Whitaker, Ernest Penn, Jr., William Wright, Ben Thomason, Dr. McGahey, Glen, and the host.

BAPTIST W. M. U.

Monday afternoon all of the Circles of the First Baptist W. M. U. met at the church for Royal Service program. Mrs. G. F. Deaton, chairman.

Next Monday, February 14, the book review presented before the usual "week of prayer" will be given by Mrs. Frances Boushe West.

EPISCOPAL AUXILIARY

Fifteen members met at the home of the Auxiliary's president, Mrs. C. C. Cathey at 4 o'clock Monday afternoon. Mrs. Cathey presided and officers gave their reports.

On Sunday, February 6th, the Auxiliary officers were duly installed at the 11 o'clock service.

Mrs. Earl Burkley, who has served faithfully on All Saints Altar Guild, gave a program talk on this subject.

Meeting closed with benediction.

Mrs. A. J. Shields, of Morton, is [illegible] this week in the home of her daughter, Mrs. C. S. Liles at the Episcopal rectory on Main Street.

It has just come to our attention that "Lil" York, attractive daughter of Mr. and Mrs. Frank York was transferred from MSCW to Ole Miss.

Mr. and Mrs. F. T. Gerard left early Thursday for Fort McClelland, Ala. to visit their son, Lt. Frank Gerard, Jr., for a week. They were accompanied by their sister, Mrs. A. W. George.

Mrs. Travis Allison left Thursday of last week to join her husband, Capt. Allison, who has been transferred to the Army Air Base at Sedalia, Mo.

Mr. and Mrs. Durrow Horn received a message from their son, Sgt. Clyde Horn, stating that he is ill with flu at a California base hospital and unable to attend the funeral of his grandmother. Pvt. Durrow Horn, Jr., of Camp Lee, Va. arrived Monday after being notified of his grandmother's critical illne s.

Mrs. N. S. Craig and little daughter, Olivette, are in Denver, Colo. attending the bedside of their father and grandfather, Dr. Crawford, who is critically ill.

MISS EDITH PENN ENGAGED TO MR. JONES ALLISON, WEDDING TO BE IN MARCH

Mr. and Mrs. Ernest Eugene Penn, Sr., of Grenada, announce the engagement of their daughter, Edith Gillon, to Mr. Jones Allison, son of the late Mr. and Mrs. Jones E. Allison, of Grenada County. The wedding will be solemnized at Grenada's historic Methodist Church on Wednesday, March 1st at six o'clock in the evening. Rev. W. L. Robinson, pastor, officiating.

Miss Penn is a popular member of the social set of Grenada, and has many friends who will learn of her approaching marriage with interest. Mr. Allison is owner of the Allison farm in Grenada county also employed by Railway Express Co. in Grenada.

PRE-NUPTIAL

Wednesday evening, February 2 Mrs. Travis Allison entertained charmingly in honor of Miss Edith Penn, fiance of Jones Allison, whose engagement was first announced to a group of close friends. This lovely social affair was attended by approximately 25 guests.

Spring flowers were used effectively in the recption rooms of the home, and throughout the party arrangements, a very clever Valentine motif was emphasized.

The napkins were clever personalized Valentines with the names of Jones-Edith, and were kept as favors by the guests. The lace draped dining table was centered by an unusually handsome arrangement of white and rod carnations. From a center light over hanging the table streamers were arranged and attached to heart-shaped Valentine favors with the names of Jones-Edith written thereon. In guessing contest "Mix 'Em Up", Mrs. Ernest Penn, Jr., received the prize. This was followed by a brief "model" wedding, staged by "Cora and Jackie" "Scraper" and Dale Christopher.

Following this merriment a beautifully prepared and served buffet supper was enjoyed. The plates contained chicken salad in lettuce cups, canapes, stuffed dates, butter cookies, olives and pickles, iced Coca-Cola.

Mrs. Allison presented the honoree two serving spoons in her chosen silver pattern.

CORRECTION

In the Twentieth Century Club report, an error was made, stating the amount of bond sales pledged by the club members. The correct amount being 25 thousand dollars in the 4th War Loan Bonds. We erroneously stated $250.00 bond pledge.

Miss Mary Ethel Scott, student at MSCW, visited her parents, Mr. and Mrs. F. B. Scott last week end. At the same time Ensign Norman E. Little, whose home station is in Lake City, Florida, was a guest in the Scott home.

Mr. and Mrs. G. W. Lambert had as their guests the past week end their sister and brother,, Mr. and Mrs. R. S. Caloway and two young daughters, Joan, and K. Wilson, of Greenville. On Sunday they all motored to Winona to spend the day with their brother, Mr. Jewell Bowen and family.

Mrs. Sam Houston, nee Mary Phelan Brown, and little daughter, of Birmingham, arrived Saturday for a visit with their parents and grandparents, Mr. and Mrs. Ben Brown.

Rev. and Mrs. C. S. Liles attended the bedside of their uncle who underwent an operation at St. Vincent Hospital in Birmingham, this week.

Mrs. John Rufus Perry and two sons of Goodman spent the week end here with Mrs. Claud Perry. Accompanying Mrs. Perry to Grenada were two H. J. C. students, Miss Grace Lucas, who also visited Mrs. Perry and Miss Frances Guidry, who visited her family here.

Mrs. Zac Semmes returned Wednesday from Memphis where she visited relatives.

I hate to fuss about it, but too many of our papers are going astray.

High Powered FERTILIZERS

The American farmer, doing his "all-out" on the food front, is just as important in the winning of this war as the American soldier, fighting on the battle line with tank or machine gun. He deserves the best weapons, one of which is potash—a plant food essential to all plant growth. Fertilizer manufacturers and mixers in support of the farmer's best interests will see to it that in the fertilizers they sell there is enough potash to meet the recommendations of official agricultural advisers for the soils and crops of your section. If you do not already know just how much potash you need on your farm, consult your official agricultural advisers.

THE SCENE is a busy freight terminal on the Illinois Central. There are only so many freight handlers available, and only so many hours in the day. But wartime freight must be kept moving. So a call is sent to the men in the office, for extra help on the loading platform. It means overtime work at hard physical labor. But the freight is moved.

That's in keeping with the spirit of the "home folks" who make up the Illinois Central family. They are in railroad work because they like it. Whatever needs doing gets done.

Such an attitude benefits all who use this railroad. It meets many an emergency in war transportation, with passenger and freight traffic at an all-time peak. And all of us on the Illinois Central are proud of our war record.

Until the war has been won, our main concern is victory. *After* that, all we have learned in the war years will be turned to account in improving Illinois Central service. We want to *keep on* earning your good will!

Getting Somewhere

Grenada citizens are fully aware of the fact that their city is overcrowded due to the constant influx of soldiers' wives and their families. Now, overcrowding causes some regrettable conditions; but it should not be used as an excuse for profiteering on the part of certain people. These latter, happily in the minority in our city, may take warning from a recent event.

On Monday, February 1, a certain rooming house was placed "Off Limits" to soldiers, because of non-compliance on the part of the owner, with Camp McCain's "Minimum Requirements for the Housing of Military Personnel". There is no doubt that, in this case, the owner not only failed to comply with the minimum requirements, but failed as well in observing the ordinary standards governing proper living conditions. Families living together in the same room with only makeshift screens for privacy; sanitary facilities so poor as to almost lacking; and several other deplorable violations of accepted standards of living make this case an example of what must not be allowed to go on in Grenada.

The overcrowding of our city is something we can do nothing about. Taking advantage of the situation, however, is another matter. This is a good time for other landlords to examine property they are renting to soldiers to see that they are complying with the Camp's requirements. It would seem the Camp has bent over backward in an effort not to make those requirements too strict, and it should be fairly simple for most landlords to bring their properties in line with requirements. To see that instances similar to the one in question do not occur is the responsibility of all Grenada citizens.

Every citizen is invited to read the official article concerning the minimum requirements, an article which appears on the first page of this edition.

Workmen's Compensation Biil

Before the legislature at the present time are two different bills designed to provide equitable compensation for workmen killed or injured. The so-called "workmen's compensation" question in Mississippi is sorter like the weather; everybody talks about it, but nobody does anything about it.

There must be great virtues in such a scheme for every State, except Mississippi, has such a law. It is highly improbable that Mississippi could be right and 47 other states could be wrong.

It seems to me that a makeshift law would be worse than no law at all, and, therefore, it behooves the legislature to study bills of other states which have "worked" and either copy the best one, or embody the best features of all with the hope that Mississippi will have the BEST bill of all. If such a bill is made into law, Mississippi has a great advantage in correcting the mistakes and eliminating the unworkable parts of such laws from other states.

Certainly the legislature should not act on the theory that "a hand is a hand", or "a leg, a leg." A paperhanger's right hand is worth much more to him than my right hand is to me—if a dollar and cents rule is to be applied. The one-handed paperhanger would have to learn another trade, or go on relief, while I (who do little manual work) could, after some practice, peck out my "copy" with my left hand. A letter carrier's leg is worth more to him than my leg is worth to me, for obvious reasons. Just putting a blanket price on all arms and all legs and eyes, etc. would not be just.

If any such bill is passed, let it be just and equitable to both employee and employer. With the great difference in earning capacities, skills and occupation of our employees, such a bill will require much thought and study.

Delendo Est Japan

However long it takes, the slogan of the United Nations should be "Delendo Est Japan"—Japan must be destroyed—just as the Romans used as their slogan against Carthagenians "Delendo Est Carthage."

If a pack of wolves were slaughtering oyur calves and hogs, the community would unite to destroy these pests. If there were a nest of rattlesnakes, the members of which constantly bit and scared your children, nearby, you and your neighbors would not hesitate to destroy these venomous serpents without qualms, and we mean destroy them.

In this world, there is a far worse pest than packs of wolves or nests of rattlesnakes. There is the Japanese Empire, composed of fanatics who believe their destiny is the enslavement of the world. They are cruel and treacherous, crafty and cunning. There are no mercy and no compassion in their souls. Like the mad dogs, they kill, be killed or kill themselves.

Delendo est Japan. Japan must be destroyed, so that that nation will never, never arise to bayonet harmless children, rape women, starve prisoners, bury American soldiers alive, and shout defiance to the civilized world.

Up to press time, total sales of bonds in this county, $425,000.00, with $130,000.00 to go.

Price Control Of Commodities

The revelations made by the writer who obtained enough gasoline for his car, without ANY coupons, to make a trip from the Rio Grande River to the Canadian border, and the revelations made by the Commercial Appeal reporter who, with little difficulty, bought about twenty dollars worth of rationed commodities and also a tank filled with gasoline, could possibly be duplicated in Grenada or any other community in America. Evidently the "black market" is co-extensive with the boundries of the United States.

The OPA was designed for the purpose of controlling prices of commodities, conserving scarce commodities and seeing that every person receives ENOUGH. When YOU, by hook or crook, get more than YOUR share of rationed commodities, you are thereby keeping another person from getting enough. When you patronize a "black market" of whatever nature, you are helping destroy the economy of the Nation, are injuring the men in service and are helping the enemy (who would wish nothing better than to see inflation come to its most powerful opponent, the United States).

The theory of the OPA is a most democratic one, that of each person sacrificing his or her ordinary appetites for the benefit of ALL.

Forgetting the fines and imprisonments to which violators are subject, there is a moral responsibility for EACH person to play fair.

The women of the Nation do most of the buying of goods, and they, therefore, can do most to correct the situation which, if left as it is, will lead to chaos.

The way merchants get by with selling rationed stuff without points is simple: they get unused points from customers who have a surplus or they tear out too many points. This would end if the women would see that only the exact number of points are detached when purchases are made, and by destroying all unused points when the points "expire", and not giving or selling them to the merchants.

Women should refuse to pay more than the ceiling prices. They should report all efforts to obtain more than the ceiling prices. THEY SHOULD DESTROY ALL UNUSED POINTS.

In spite of the many violations of the OPA regulations, the people who lived through the last war can recall how much cheaper many things are now. Sugar now at 7 cents; sugar then from 26 to 30 cents. Sugar is just one example.

Patronage of "black markets" and other evasions of the OPA "live and let live" regulations might easily lead to uncontrolled inflation; and uncontrolled inflation might easily lead to the loss of the war. Remember these things when you are about to "hog" the other fellow.

What Are We Fighting For?

There IS confusion in all our minds, including service men, as to what we are fighting for.

A few facts, however, are crystal clear.

Clearly we fight to destroy Hitler and Hirohito—their plans of world domination would destroy America.

"We fight for the preservation of our liberty—for the right to rule ourselves, in our chosen way."

"Our government in America, its virtues, ITS VERY SINS shall FOREVER BE OUR OWN."

All this of course also is crystal clear.

But unless, while winning, we yet would lose, it must be equally clear—

We are fighting to preserve our Constitution, even in its shortcomings and errors, if these exist—

UNTIL THESE ERRORS ARE REMEDIED BY AMENDMENT, AS PROVIDED IN THE CONSTITUTION.

THE CONSTITUTION MUST NOT BE CHANGED BY EVASION, DECEPTION OR DECREE.

If the Constitution gives Georgia or Mississippi, or any other State, the right to make payment of poll tax a requisite for voting—

WE MUST DEFEND THAT RIGHT—AS WELL AS ALL OTHER RIGHTS—WITH OUR LIVES.

Only thus can we defend our Constitutional FORM of government—from which spring all our liberties—all that makes the lives of freedom worth living.

For the greatest of ALL FREEDOMS is the freedom to ERR, within the Constitution—and the law.

When there is no freedom to ERR, within the law, there no longer will be freedom to DO RIGHT—nor any right nor wrong nor freedom whatsoever.

Hats Off To Private Ogden

To the Army, she is simply Private Ogden; to the girls in her barracks, she is just Pauline, but to Brigadier General D. A. D. Ogden she's everything—she's his wife.

The I Troop Carrier Command recently announced the assignment at its Bergstrom, Texas air base of Private Pauline Ogden, the first wife of a general officer to join the service in an enlisted status. Her husband is now overseas, while their two sons are in training for the Army.

Of such material is the Troop Carrier Command, a unit of which is the Grenada Army Air Base, composed.

Debt-Free Mississippi

When on Friday last Governor Bailey signed the bill creating an "irrevocable" trust fund and a companion bill appropriating over 21 millions of dollars for this fund, Mississippi became a debt-free State so far as "full faith and credit bonds" were concerned, because the amount "salted away" will take care of all outstanding bonds as they mature. The so-called highway notes have first claim on revenue from the gasoline excise tax, and are being taken care of as planned.

If the Grenada County Weekly was not the first newspaper of the State to advocate this "salting away" process, then certainly it was among the first.

Seen, Heard and Told By The Editor

CRAP have

Just saw an appropriate cartoon. The doctor in charge of the Phychopatic Ward was telling the nurse, "Get ready for two more income tax cases."

Somebody certainly was prodigal in the use of lumber—which is supposed to be scarce—in building the bond booth at the Grenada Bank corner. That is, if midgets are supposed to sell the bonds.

I had a learned discourse in a magazine Monday night which proved (or said it did) that men do NOT prefer blonds. I do.

Wonder how my favorite married blond is getting on.

His mama renewed for Spencer Bell, of Memphis, this week, a yearly habit.

The army has gotten around to seeing that landlords do not crowd soldier personnel into inadequate quarters, and do not charge them more than the rents fixed by the OPA.

The Lee Spains have bought out R. H. Herring. Each firm is taking inventory this week, so Spain will not take over until next week. Mr. Herring is going to take things a little easier from now on, he hopes.

Aint they sweet.

Do not get complacent. This war is by no means over. A long, bitter and uncertain fight looms ominously ahead. The productive capacity and the manpower of the Allied nations will finally triumph, but when?

Think three times before you repeat rumors about military matters—then keep your mouth shut. Idle rumors brought proud France to her knees in a few short weeks, remember.

Folks are still coming into our office to get their shoes repaired, harking back to the days when Joe operated a shoe shop here.

BETWEEN YESTERDAY & TOMORROW

Yesterday and all of the other Yesterdays have been here and gone. The words and deeds of those days have been recorded and as time marches on, TODAY came along and I was so thankful that I had TODAY to begin anew and try to improve on the many words and deeds of some of the Yesterdays that have passed on.

My Golden Opportunity Today

TODAY is my golden opportunity to profit by the mistakes of Yesterday. I can be a little more tolerant, more thoughtful, more courteous, more sympathetic, less apt to judge others, YES, I can be more fair-minded and have less prejudice, I can even smile without cracking my face. TODAY is the day I can eat and drink and be merry and enjoy the fruits of my labor and do well the things that my hands find to do.

Today Obscures Tomorrow

I cannot see tomorrow, because today hides my view and I have no assurance that after today passes on that I will see tomorrow, therefore, it is up to me to make the best use of TODAY that is in my power.

AFTER MEDITATING OVER THESE FACTS, I WILL START OUT EARLY "TODAY" AND BE A BETTER CHRISTIAN, A BETTER HUSBAND, A BETTER FATHER, A BETTER CITIZEN, AND A BETTER FOOD MERCHANT.

YOU CAN AFFORD IT

You can afford to buy Extra War Bonds during this Fourth War Loan Drive.

Everyone in this community knows incomes are higher than ever before—that both workers and farmers have more cash than ever before. Everyone knows that more than one member of hundreds of families are income earners—and everyone knows that increases in wages and salaries have far outstripped rising prices, and increased taxes. You can afford to buy Extra War Bonds.

As a matter of fact, you can't afford NOT to Buy Extra War Bonds. If you spend your money for needless, scarce goods, you are increasing prices . . . if you want to help win the war you can't afford NOT to buy War Bonds. If you want to help that boy in the service, you can't afford NOT to buy Extra Bonds and if you want a gilt-edged investment for your own future security, you can't afford NOT to buy Extra War Bonds.

BOOST YOUR BUYING!

(A soldier speaks)
I whispered in the twilight,
"This war will soon be o'er."
The moon was shining brightly,
As I clasped her form once more.

But the storm was only gathering,—
The clouds grew darker yet.
That was all before Pearl Harbor,
And our plans were fully set.

I must be only dreaming,
To think two years have past,
To think that tens of thousands
Have gone across and seen their last.

Ah fellow-patriots,
This war is our profession!
Dig deep; put out your best.
The very most that we can give
Is but a poor concession.

NOTE: I dedicate this little poem to my friend and neighbor, Mac Butler.

Seen, Heard and Told By The Editor

Those who are renting sub-standard rooms and accomodations to soldiers' wives and children should receive a grim warning from what has happened to one man whose house was placed "off limits" by the military authorities. I am reliably informed that one of his rooms was occupied by FOUR couples, and another by two couples and some babies. The honeymoon of rent profiteering in Grenada is definitely over, unless the military authorities lose interest. The officer in charge is a Dane, and you know how strict people of that sturdy country are.

Not only the colored people of Grenada but the white friends of the family will be interested to learn that the 99th Fighter squadron is credited with bringing down 8 German planes South of Rome recently, and that a member of this squadron is a native Grenadian, Lt. Luke Weathers, son of Luke Weathers and grandson of the late Jerry Weathers, a colored minister of this city. The Weathers family has been represented in Grenada since Civil War times. This aviator is a nephew of James Weathers of Grenada.

THE DAY OF DAYS

By Cpl. Robert Murphy
(Somewhere in Sardinia)

There is a great day coming—
We hope it won't be long,
And we can all go sailing
Home, where we belong.

Back to things we hold so dear,
And to the ones we love.
Where we can live without a fear
Of hostile planes above.

There's a lady who is waiting,
She will meet us at the gate.
With her light so brightly shining,
She will meet us sure as fate.

There is a great day coming,
When we sail across the sea
And behold the light that's shining
In the hands of Liberty!

OUR *Fighting* MEN CAN UNDERSTAND

LET'S MAKE IT 100% IN THE 4th WAR LOAN BY MONDAY, FEB. 14th AND SEND OUR FIGHTING MEN A REAL WAR BOND VALENTINE!

Valentine's Day is the day set aside to show our love and appreciation for friends and neighbors. The shape of the Valentine signifies the heart, from which love and appreciation flow. For generations, our people have spoken from their hearts on Valentine's Day.

This year, we are called upon to show our love and appreciation for the job our fighting men and women are doing for us. They are offering their lives to protect our country, our freedoms and our way of life. We must show them our hearts are with them! We must do everything possible to help them accomplish their "unlovable" task! — buying War Bonds to the extent of our ability is the one sure way to back them up!

The Fourth War Loan, now underway, closes February 15. The day before, February 14, is Valentine's Day — the day you can do your part to help Mississippi "go over the top" in its 53 million dollar part of the 4th War Loan.

"Let's All Back the Attack" and show our service men and women . . . and the world . . . our hearts are in the fight by completing our Fourth War Loan quota on Valentine's Day. Can you think of any better way to show our love for freedom?

By winding up this big drive on Valentine's Day, we do two things. First, we accomplish a home-front war job before the deadline, and, second, we send our service men and women a War Bond Valentine which not only stands for the usual heart-shaped Valentine, but for Vigilance, Valor and Victory as well.

Let's put our hand and **heart** in the fight, now! Be sure Mississippi sends her fighting men a real War Bond Valentine!

THOUGH Rise (pronounced Ree-suh) Stevens has sung five seasons with the Metropolitan Opera company, radio can claim her in a way; she made her first public appearance as a singer on the "Sunday Morning Children's Hour," produced by Milton Cross. In 1935 she was a semi-finalist in the Metropolitan Opera Auditions of the Air, was offered a contract—and refused; felt that she wasn't ready for it. Paramount signed her for "The Count of Luxembourg"; when it was delayed, she was asked to appear opposite

JESUS ON THE MOUNTAIN AND IN THE VALLEY

LESSON TEXT—Mark 9:2-8, 17-27.
GOLDEN TEXT—I believe; help thou mine unbelief.—Mark 9:24.

The vision of the mountain top prepares the believer for service down in the valley. "Where there is no vision the people perish," said the wise man of old (Prov. 29:18). For want of a true vision of God, a knowledge of His truth, and the God-given constraint which makes men give themselves in sacrificial service, the people will perish in their sins.

But let men come to know the truth as it is in Christ, learn to know Him as the Son of God glorious and powerful, and then let them translate their knowledge of Christian truth and their personal spiritual experiences into the daily ministry to the needs of their fellow men, and there will be songs of salvation and joy.

I. Knowing (vv. 2-7).

The transfiguration of Christ doubtless meant much to Him in preparation for His coming death and resurrection. It was a foregleam of His kingdom glory.

In this lesson we are concerned with the experience of the disciples rather than the feelings of our Lord. Fundamental in both Christian life and service is a clear understanding of the person and work of Christ. One may come to Christ knowing little more than that He is the divine Saviour, and one may enter into Christian living with a meager knowledge of the doctrines of the Bible. But the Christian who fails to grow in knowledge will not grow in grace as he should.

God sets no premium on ignorance, in fact it is quite evident that the great blight on the Christian church today is the appalling lack of understanding of God's Word.

The disciples came to a fuller conviction that He was the Son of God as they saw Him transfigured and heard the Father say, "This is my beloved Son." They learned more plainly the truth of His coming death for the sins of all mankind. They saw in the indescribable beauty of that moment the foregleam of His coming glory. What important truths these are—His deity—His redemption—His coming kingship. Do we have a clear grasp of these truths? If not, let us search the Scriptures.

II. Growing (v. 8).

"Jesus only." He filled their vision and their hearts. They had made spiritual progress as they had seen His glory and heard the commending voice of the Father.

Great experiences of spiritual renewing and power are necessary to effective life and testimony. They may not be in outward manifestation, in fact they are more often in the inner recesses of the soul; but they transform men and send them forth to magnificent living for God. One wonders if much of the dearth of power in the Christian church is not to be attributed directly to the lack of such experiences with God.

The disciples had an unforgettable mountaintop experience. Even so have many others found the secret of power.

Let us remember that such privileges are not reserved for a few, they are the birthright of every Christian. Power without knowledge is a dangerous and destructive thing, but knowledge without power is a dead thing.

Let us study God's Word, but let the truth be baptized in the overflowing spiritual power of a personal experience with God.

In regeneration all that Christ is and has for us is made available. If we have not taken out our inheritance let us do it at once.

III. Serving (vv. 17-27).

One of the lessons that seems hard to learn and to keep constantly effective in the life of a Christian is that mountaintop experiences of spiritual uplift are not an end in themselves, but a preparation for service. All too often we come to regard such times of peculiar blessing, whether in the privacy of our own room or in the great conference of Christian workers, as something which should glow warmly in our own hearts, making us glad in the Lord, and not as a preparation for ministry to others.

Jesus and the disciples went up to the place of prayer, into the place of glory, and down to the place of service. How fitting is that sequence.

Much confusion exists in the church because those who have foolishly abandoned God's Word and substituted the energy of the flesh for spiritual power have been most diligent in service to humanity; while those who know and accept the truth about Christ, and who profess to believe in the power of the Spirit-filled life, have failed to serve their needy neighbors.

"But Jesus took him by the hand and lifted him up" (v. 27). Verses 28 and 29 indicate that the disciples might have done the same by believing prayer.

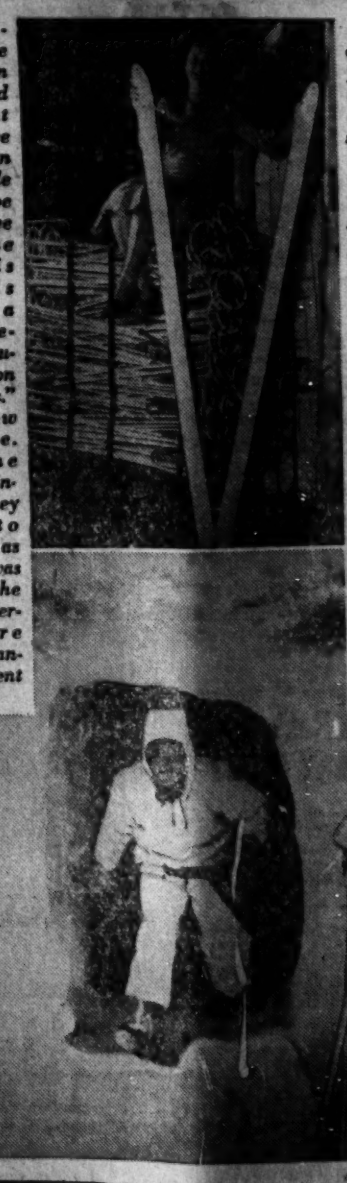
Silent Motion for 'Ghost' Troops

Swift white-clad warriors, who are semi-invisible against snow and who swoop to attack on smooth, silent skis, are aptly described as "ghost" troops. Their means of motion—skis—have risen to the status of a war weapon. Throughout the nation plants are rushing production of this weapon which was once known only to sportsmen.

Top: Ski troopers in action during maneuvers in the Colorado Rockies.

Top: This man, at a Laconia, N. H., ski manufacturing company, is smoothing a ski on a pneumatic drum. Right: With a new ski held in a bracket, this man is sitting on one end to test for flexibility.

Above: Civilian skis are generally given a natural wood finish. But army skis are whitened on the upper side so they will be harder to see against the snow. This worker is spraying a white non-reflecting camouflage paint on the "bedslats." Skis are new in warfare. During the Russian-Finnish war they came into prominence as a silent war was fought in the snowy wilderness where heavy mechanical equipment was stuck.



Left: A plant employee forms a Victory sign with a new pair of skis that may help to bring victory. Originally most skis were imported from Europe where the sport originated. Today American manufacturers have developed a ski which is believed to be superior to the European model. The ski pictured a.e cut from hickory boards and laminated. Below: A trooper emerges from his cave home on Mount Rainier, Wash.

A worker stacks "bedslats" on drying racks. Later they will be waxed. Ski harnesses are not attached by workers but by troopers.

That Nagging Backache
May Warn of Disordered Kidney Action
Modern life with its hurry and worry, irregular habits, improper eating and drinking—its risk of exposure and infection—throws heavy strain on the work of the kidneys. They are apt to become over-taxed and fail to filter excess acid and other impurities from the life-giving blood.
You may suffer nagging backache, headache, dizziness, getting up nights, leg pains, swelling—feel constantly tired, nervous, all worn out. Other signs of kidney or bladder disorder are sometimes burning, scanty or too frequent urination.
Try Doan's Pills. Doan's help the kidneys to pass off harmful excess body waste. They have had more than half a century of public approval. Are recommended by grateful users everywhere. *Ask your neighbor!*

SELL OR SWAP

Reddy Kilowatt says . . .

If you need an appliance . . . don't worry if you don't see it on the shelves . . . ask us and we'll try to find one for you.

SAMMY BURTON

How?

Many folks have duplicates of some electric appliances. Some may have two irons, two waffle makers, two toasters, two coffee makers — even an extra floor lamp. The extras were probably Christmas gifts, wedding gifts, or maybe they just bought an extra because they liked the appearance better than the one they had. Some of the folks have told us that they would be glad to sell such an extra appliance, and so to help you out, we'll be glad to put you in touch with such a person if we know of one who happens to have the appliance you need. So if you need something that can't be found now, just come into any of our Mississippi Power & Light Company offices and have your name, telephone number and address put on our Wartime Placement Service list. If we have the name of someone who has such an appliance to sell, we'll have that party call you. There's no charge or obligation for this service. We just want to help you in these difficult days.

MISS PROUT IS NEW DIRECTOR

The new director of the USO Women's Division is Miss Virginia Prout, of Boston, Massachusetts.

Miss Prout is a graduate of Radcliffe College and was engaged in Social Work with the City of Boston and director of a local Service Men's Club prior to coming with USO.

Before coming to Grenada, Miss Prout directed NCCS activities in Huntsville, Ala.

Forty Junior Hostesses are enrolled in the Junior Hostess Training Institute being held at the Community House USO on Monday evenings. The third meeting wil be held on February 8th at which time Chaplain David Graham of Camp McCain will speak to the group on basic needs of men and women in the armed forces; code of wartime conversation and army insignia. Miss Vivian Sell is in charge of the training.

Suzette Cathby, recently elected head of the Episcopal Auxiliary was reminded by Mrs. Dave Dubard that she (Mrs. Dubard) knew a lady in Jackson who had been elected head of a church auxiliary and that now she had gone to preaching. This somewhat dampened the spirit of Suzette who has a touch of worldliness about her.

NOTICE OF SALE OF LANDS

The board of supervisors of Grenada County offer for sale the lands and farm known as the L. N. Yeager Place in Beat Three of said county, and invite bids to be submitted at the March term of the board, 1944, and said bids to be filed on or before the 4th day of March of said year under seal. The board will consider only cash bids and reserve the right to reject any and all bids. This the 9th day of February, 1944.

J. P. PRESSGROVE,
Clerk of the Board.

2-10, 17, 24, 3-2-100w.

To show the urgency of men in the fighting forces, it might be said that few, if any married men were drafted for last war. In this war married men with children are being drafted freely. In fact, that class is about all that is left.

THIS ADVERTISEMENT, ONE OF A SERIES TO HELP ACQUAINT THE GENERAL PUBLIC WITH THE DAIRY FARMER'S CONTRIBUTION TO THE WAR EFFORT, appears in The Saturday Evening Post February 12th and in Collier's February 26th issue

Furlough till milking time (5 a.m.)

Saturday night. He is tired from a week of 14-16 hour days. But, stepping lively, he's got the chores all done and now he can take time off . . . till 5 a.m. tomorrow.

Fellows in war plants work shorter hours, get more money. That makes no difference to the thoughtful man on a dairy farm. He's in the thick of the food fight, the fight our nation must win if the Allies are to win this war.

Milk, the most precious of foods, is vitally needed. So, too, are the products of milk. *Cheese*, for example. Why, the U. S. Government's requirements alone this year have been estimated at *nearly 400 million pounds* of cheese. *Over 500 million more pounds* will be consumed by you and other civilians.

America needs now *more than twice as much* of this nutritious food as the nation could produce when the last war ended in 1918!

• • • •

We'd like to shake the hand of that farmer on furlough till 5 a.m. . . . . or *somehow* make him understand that people appreciate what *he* is doing, he and all the men and women and boys and girls on the nation's dairy farms.

Because of the tremendous demand, both military and civilian, you may not be able to get as much Kraft Cheese as you would like, or get your favorite varieties—Kraft American, "Old English" "Philadelphia" Brand Cream Cheese, Velveeta, and so on. But you may be sure, as always, that any cheese or cheese food which bears the Kraft name represents the very highest standard of quality.

Meet the BRUISER

WHO HAS GIVEN YOU THE BUDGET BLUES

Here's the guy you didn't want to meet but you've made his acquaintance anyway. He's the High Cost of Living! He's the muscle-man who has pushed the cost of living up over 22 per cent since August 1940. But, it's "Lucky You" because there's one very important item in your budget that has remained at the same low price. It's dependable Mississippi Power & Light electricity! Thanks to careful business management — it still serves you at low, before-the-war rates. Indeed, electricity is STILL cheap!

Any reduction you can safely make in your use of electricity will help the voluntary program to conserve fuel, man-power, transportation and materials. Remember—use all you need—but need all you use!
